## STATEMENT

---

The Pacific Asia Travel Association (PATA) is a not-for-profit membership association that acts as a catalyst for the responsible development of travel and tourism to, from and within the Asia Pacific region. Since 1951, PATA has led from the forefront as the leading voice and authority on travel and tourism in the Asia Pacific region. As the premier travel and tourism industry association in the Asia Pacific region, the Association endorses the UN Global Code of Ethics for Tourism and supports the work of the World Committee on Tourism Ethics, encouraging its members to also do the same.

PATA understands the role of tourism in promoting peace, empathy and cross-cultural understanding, and encourages all tourism stakeholders to observe these fundamental principles. Aligned with these principles, the Association supports the right of freedom of movement without prejudice and intolerance in line with the rights of each sovereign nation and the will of its people.

It is the Association's position to ensure there is equal opportunity for all travellers without discrimination or harassment on the basis of race, colour, religion, sexual orientation, gender identity or expression, age, disability, marital status, citizenship, genetic information, or any other characteristic protected by relevant laws, legislation and regulations.

Tourism should be a force for good and PATA encourages all public and private industry stakeholders to join in embracing these principles and displaying the tolerance which protects and enhances human society as expressed through the UN's Sustainable Development Goals.

## MESSAGE FROM THE CHAIRMAN

**PETER SEMONE**

**CHAIRMAN, PATA**

A handwritten signature in black ink, appearing to read "Peter Semone".

I am honoured to serve as the Chairman of the Pacific Asia Travel Association Executive Board and am pleased to report that despite the challenges brought about by the COVID Pandemic, PATA remains an important voice and conduit for the travel and tourism industry. PATA continues to be widely recognised, respected and appreciated by many tourism stakeholders and communities in the region and beyond.

The continued growth of the Asia Pacific region as both a generator and receiver of international visitors, not just into Asia Pacific but globally, only reaffirms the importance of the Association moving forward as we work in partnership with our private and public sector members for the responsible development of travel and tourism to, from and within the region.

However, to deliver continually improving services to benefit the various needs of our diverse members, we must continue to innovate, evolve and adapt to the changing landscape of the industry.

A critical success factor for PATA is an engaged Board of Directors to provide leadership and engagement across our membership.

This Handbook depicts the Board's individual and collective responsibilities regarding their roles in the Association and reflects PATA's commitment to imparting effective leadership and a high standard of ethics. It is not intended to serve as a comprehensive guide; however, it offers an important overview of the salient points in serving in the capacity of PATA's elected representatives, guiding the Association via its strategic plan, budget and external voice. It is the responsibility of every PATA Board Member to become familiar with the content of this Handbook.

PATA would not be where it is today without the ongoing and unwavering support of our Executive Board and Board Members, Life and Chapter Members, Partners and Industry colleagues. Thank you for your continued support and enthusiasm for PATA.

Sincerely,

# PATA BOARD
