Better travel means  
caring for the world  
around us

Anthony Hoglund, VP & General Counsel, Asia Pacific

A person with a brown backpack is walking away from the camera through tall, golden-brown grass on a misty hillside. The background is a soft, hazy landscape with green hills and trees. The overall mood is contemplative and serene.

We now live in a time of both  
challenge and awareness

# Why sustainable action now?

# Travel Sellers have an impact in 3 key areas

Environmental  
Sustainability  
for Travel Sellers

# Environmental benefits of our existing solutions

## Amadeus Airport Sequence Manager

Helps to reduce the amount of time aircraft spent on the runway.

- Fuel savings
- Noise reduction
- CO2 reduction
- Local pollution reduction

## Amadeus Altéa Departure Control Flight Management

Accurate estimations of aircraft weight permit more precise calculation of fuel need.

- Fuel savings
- CO2 reduction

## Amadeus Schedule Recovery

By reducing operational disruption response times, airlines can make swift and profitable decisions to swap aircrafts or to reassign landing slots.

- Fuel savings
- CO2 reduction

## Amadeus Airport Common Use Service

Helps to reduce the need for local IT equipment and energy costs by leveraging cloud technology.

- Reduces energy consumption

The background of the image is a high-angle, aerial photograph of a vast, snow-covered mountain range. The mountains are covered in a thick, white layer of snow, and the peaks are rounded and soft. The sky is a clear, pale blue, and the overall lighting is soft and even, suggesting a bright but not harsh day. The perspective is from a high altitude, looking down on the mountain tops.
